- Lump sum when you leave for whatever reason
- Can leave your money in PSS but not make further contributions (retained member)
- Can transfer to another scheme

# First-home withdrawals

- After being a member for 3 years
- Can withdraw money you have in PSS (must leave a balance of \$1,000)
- You may be able to withdraw money for a home if you've owned property before

# Partial withdrawals

- After 3 years, one withdrawal per scheme year (1 April – 31 March)
- Can only withdraw from your member account
- Can sum to 100% withdrawn over multiple years
- Then limited to 5% per year

## Example

Year 3	50% withdrawal	
Year 6	40% withdrawal	= 100%
Year 7	10% withdrawal	
Thereafter	5% limit per year	

# Two investment paths

- 1 Choose your own option – invest in one or more of five asset mixes
- 2 Super Steps – an option where the investment mix changes automatically over time depending on your age

# Investment options

## Income and growth assets

### Income assets

Lower risk, lower return

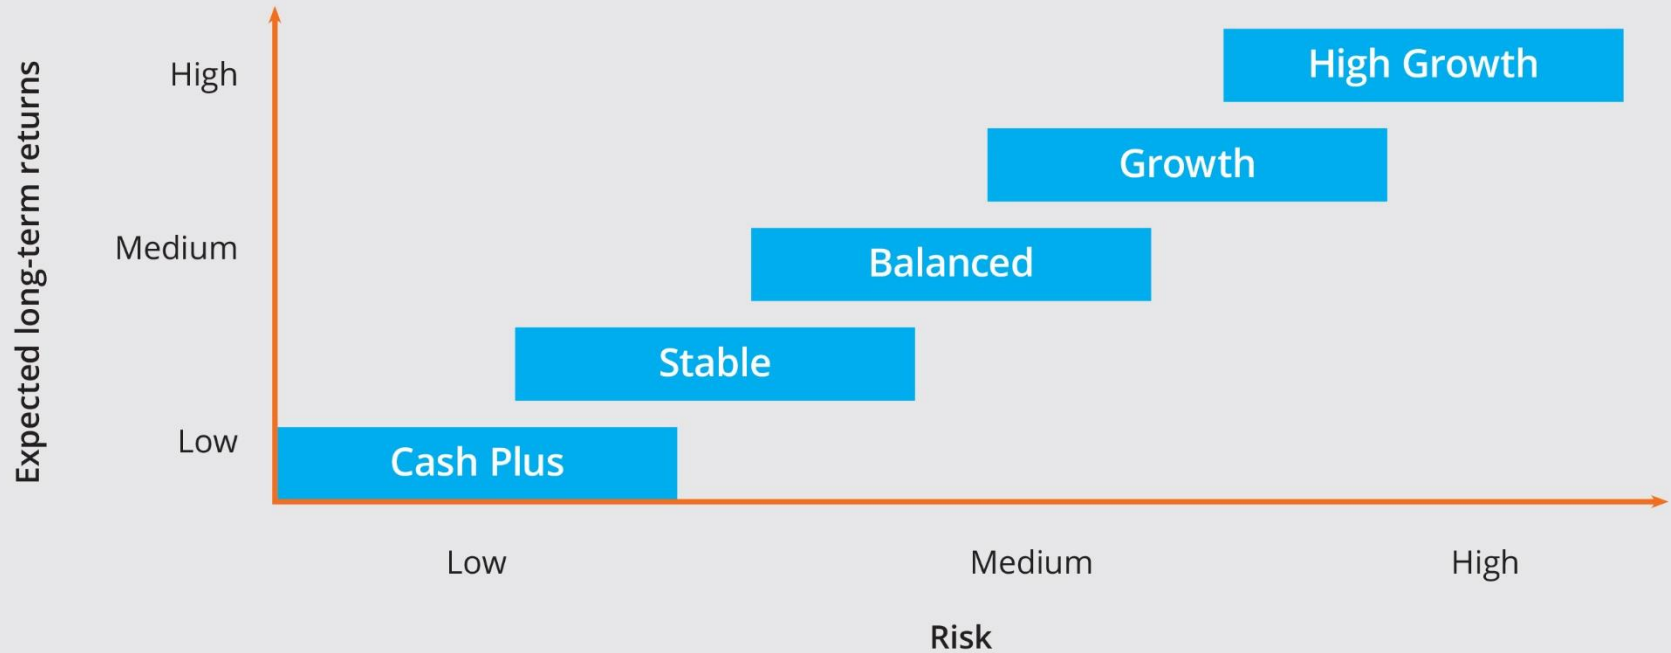

### Growth assets

Higher risk, higher return

# Investment options

# Choose your own options

Cash Plus is designed for very short-term saving so it has no growth assets at all.

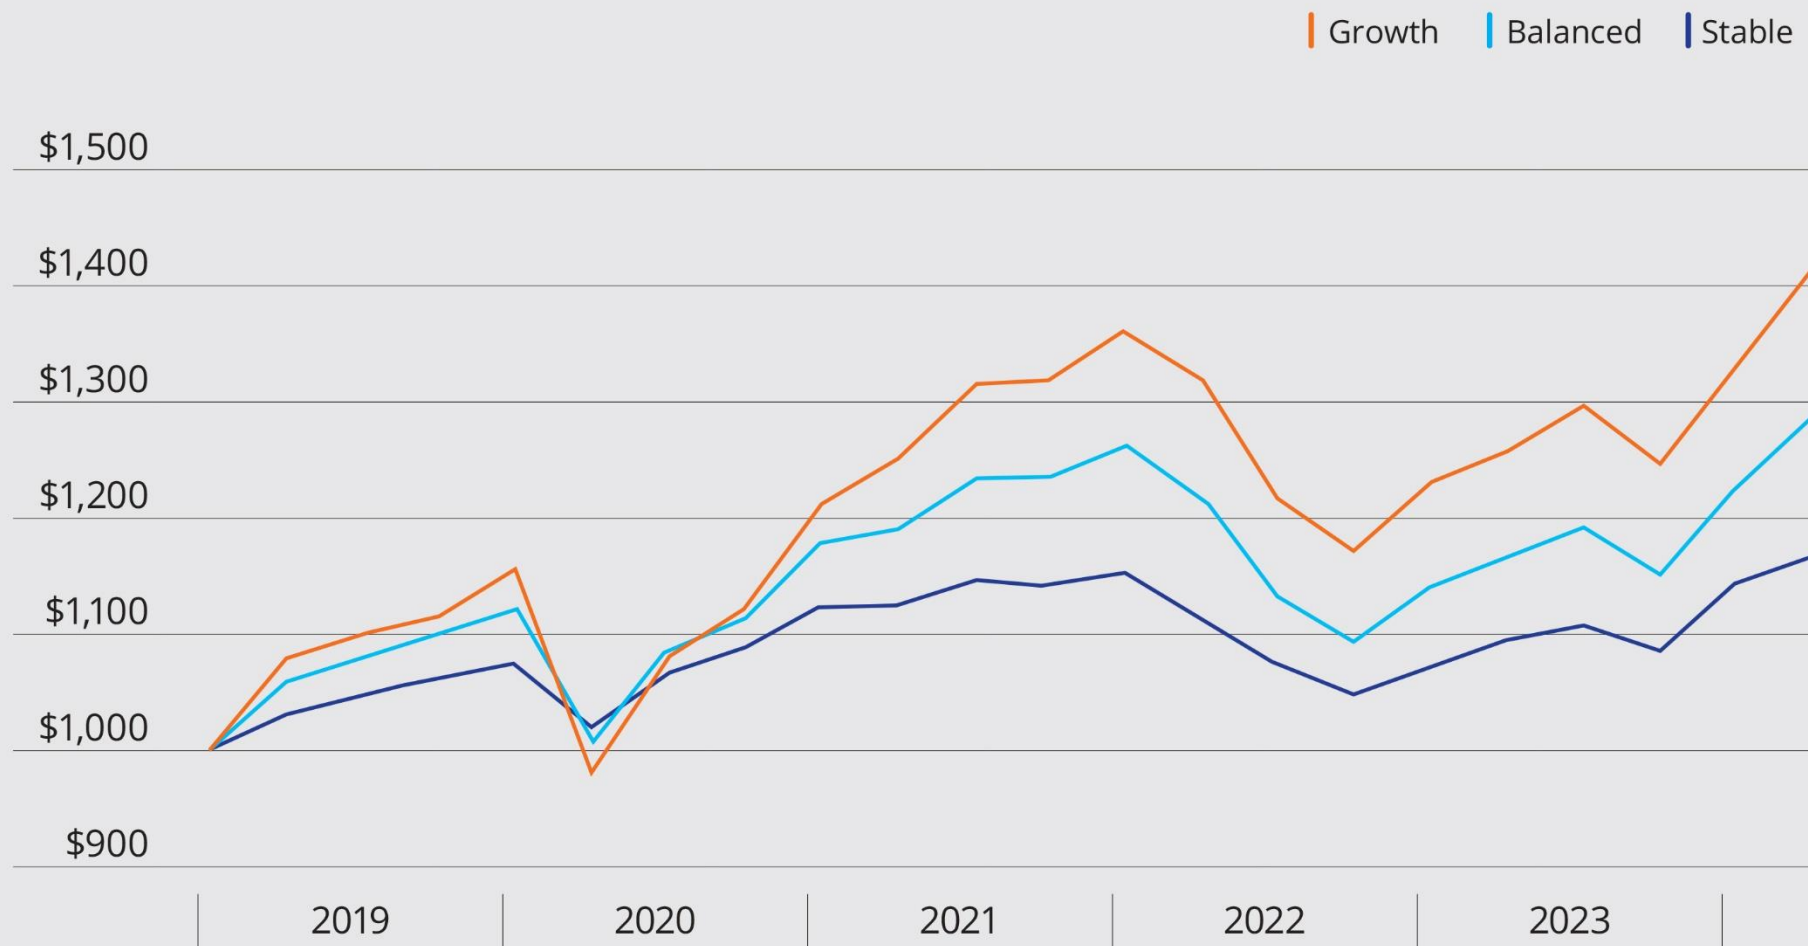

As you'd expect, these options are invested mainly in growth assets.
